STATE AAUP TO SUPPORT
ADOPTION OF EQUAL RIGHTS
AMENDMENT BY LEGISLATURE

MISSOULA--

The Montana State Conference of the American Association of University Professors (AAUP) has resolved to support the adoption of the Equal Rights Amendment by the State Legislature, according to Dr. John E. Van de Wetering, chairman of the University of Montana Department of History.

Van de Wetering, who also is president of the Montana State Conference of the AAUP, said the state AAUP members adopted the resolution at their annual meeting Saturday in Missoula.

"The conference also resolved to request faculty membership on a number of study groups being organized by the Commissioner of Post-Secondary Education," Van de Wetering said. "Arguing that in a number of areas the faculty has a particular involvement and special expertise, the group will ask for faculty inclusion on study groups for adult and continuing education, faculty research, program planning and relation between post-secondary units."

The conference also discussed collective bargaining and enabling legislation for bargaining.
